

## **SPI West Michigan High School Bass Series 2021 Information and Rules- **New and Revised sections are highlighted****

Entry Fee is \$50/team. 100% of the money collected goes into buying prizes (each student receives tickets for the give-away's). This year there are some really cool and unique prizes for the winners as well. The team that has the highest total from the 3 tournaments will each be receiving a custom Rod from Infinity Rods. These will be given away after the series is complete because they will be wrapped using the winning teams school colors. Besides trophies the winning teams will also receive a very cool custom gift for each of the tournaments.

8<sup>th</sup> grade students must select if they fish in the HS or MS series. Whatever they decide they need to fish the entire series in the division.

School Standings- The way we calculate the standings by school is to take the top 2 teams from each school. At the end of the series the top School will get the trophy.

### **Dates and Lakes:**

- **Grand River Tournament, April 24- Harbor Island (Coho Dr, Grand Haven 49417)**

- **Gun Lake May 1- DNR Launch (3198 State Park Dr, Middleville 49333)**

- **Muskegon Lake Tournament, May 8- Launch site- Fishermans Landing**

- 1) You must pre-register by 8:00pm the night prior to the tournament in order to fish in the tournament.
- 2) Tournaments will be a shot-gun start based on flights drawn at registration. We will be starting each event at 7:30am. This year there is a mandatory meeting at 7:15 which means you need to be there early enough to register, attend the meeting and get ready by 7:30am. The tournament is done at 12:30pm which means all boats need to be at the launch area and not fishing by 12:30, any late boats will be penalized.
- 3) Teams will be made up of One adult supervisor and up to two High School Students. The adult on the boat is there to help the student's but not do any fishing. **In the past we didn't let the supervisor do any coaching or helping the students. We have changed that this year.** We will allow the adults to assist the kids by offering advice. The goal of this is teach the students how to be better fishermen/women, while letting them do the work. The supervisor cannot: tie baits, net fish or touch the rods. **The supervisor must drive the boat with combustible motor running.** We expect the supervisor to make sure all laws are followed (including slow, no wake zones), if a ticket is issued the boat will be disqualified. We want to set a good example. The adult may NOT fish during the tournament. The adult measures, weighs, and records the catch. We will allow a parent to be in the boat with his/her child, but they follow the same guidelines as the supervisor. The students need to be from the same school/club. If not they will be allowed to compete, but not be eligible for the year end prizes (school or individual).
- 4) **At 10:30 we are encouraging each boat to stop for a few minutes.** This will be similar to half-time of a game and chance to talk about how the day has gone and help formulate a plan for the rest of the day. There will be a few optional questions/thoughts in your team packet.
- 5) Check-in instructions along with scales will be handed out morning of the tournament at registration.
- 6) This will be a catch and immediate release tournament. That means when you catch a bass, you immediately check to make sure it is legal size (At least 14" lying flat, mouth closed, tail pinched), then immediately put it on the digital scale. Take a picture of the fish on the scale (also record each fish's weight on the log given out), and then release them immediately. Do not lay them in the boat and **DO NOT PUT ANY BASS** in your live well. You will then text the the measurements to the number in the scale packet, please just send the measurements, not pictures (keep those on your phone).

- 7) The top five Bass legal size (Largemouth or Smallmouth) will be counted for each team, but record each legal fish caught. On the log, indicate if it is a large mouth or smallmouth (LM or SM).
- 8) Total weight determines the winning team. Awards will be given out to the top 3 places. We also will give a trophy for the biggest bass caught by a team.
- 9) Participants in this tournament are expected to follow high standards of sportsmanship and courtesy. This includes having grades at the same level required to play other sports.
- 10) All State and local regulations must be followed. This includes a fishing license for competitors 17 and older (official does not need a fishing license).
- 11) **All competitors must wear their life jackets when their combustible engine is running.**
- 12) Alcohol, drugs, and tobacco (smoking or chewing) will not be permitted or tolerated at this event and will result in automatic disqualification.
- 13) Only one rod and reel may be used at a time. **Artificial lures only** (except pork strips). **No trolling.**
- 14) No fishing will be allowed within 50 yards of an anchored competitor's boat. A boat is considered anchored if it is held in a stable position by a rope attached to an anchor or by a power pole, with the trolling motor in the up position. Please be courteous to boats around you in the tournament and just on the lake.
- 15) We ask each student gets permission from their School Athletic Department to compete in our series. If you have other teams or a club that is fine, we don't need each team to get permission. We just want each school to be aware students are representing their School in our series. If you need help with this or would like to start a Bass Club contact Ross at 616-990-1075.
