## RED STAG HUNT IN ARGENTINA

TREKKER TRAVEL IS PROUD TO OFFER YOUR EVENT A WORLD CLASS EXPERIENCE

### TRIP HIGHLIGHTS

When most hunters think of Argentina, they envision endless waves of dove and liberal limits of decoying ducks, but the big game opportunities of the country are on par with the top travel destinations. And hunting the red stag – one of the largest huntable big game animals in Argentina – is one of the most popular hunts.,

A private, authentic Argentine estancia (lodge) in the middle of the La Pampa region hunting grounds will host hunters for this experience, providing all the luxuries of home, while allowing guests to immerse themselves in the culture of the surrounding area. Listen to roar of stags at night from the porch; enjoy world class regional cuisine prepared by a private chef; and relax with glasses of malbec wine for which Argentina is famous.

While the accommodations and food are good enough to make this the trip of a lifetime, hunting is the real prize. This is a free-range operation with wild animals, so you can expect to see multiple animals daily. Whether you are a first-time hunter to Argentina, or a grizzled veteran, you will be able to spot and stalk, or hunt out of a spacious box stand.

This trip will include the trophy fee for one management stag. Additional animals are available, and hunters are welcome to add this to their trip
